

Kids Shoot *Free*

Our campaign to get more kids involved in our sport is growing as a host of grounds are keen to get involved and build a future for our sport

Do you remember the first time you held a shotgun? And the first time you smashed a clay? That fantastic feeling when you first shot two in a row or won your first competition.

Clay Shooting's Kids Shoot Free campaign is fighting for more kids to be given these memories and for them to be shared with a parent, grandparent or family friend.

Working in association with BASC, the UK's largest shooting organisation, and a growing number of shooting grounds around the UK, our campaign allows kids to shoot free alongside a full fee-paying adult.

We're committed to promoting our sport within the wider community, and after a recently-published Unicef report showing that British kids crave more time with their parents over material wealth, especially whilst enjoying outdoor activities, this scheme is the perfect solution. Our campaign offers you the chance to help develop and grow our sport as well as allowing your kids the chance to enjoy quality time under the supervision of a parent whilst shooting and learning valuable personal skills of discipline and responsibility.

Clay shooting is a fantastic opportunity for your child to enjoy the great outdoors and they will benefit from the friendly and supportive shooting community as they grow up.

You never know – your child could be the next George Digweed or shoot for their country at the Olympics!

Get involved in our nationwide campaign and help us build a future for clay shooting.

SUMMER AND JOSHUA SMASH THEIR FIRST CLAYS

Just days after our nationwide campaign kicked off, Paul Burrage took advantage of the scheme with Roger Hill at Pro Coach Shooting School in Essex and took his grandchildren along too.

Paul said he had a great time with Joshua, 10 and Summer, 8, and more importantly both children loved the experience.

Joshua and Summer shot their first clays with a .410 side-by-side; Josh hit three singles and Summer hit one single followed by a pair.

Let's hope they've caught the bug and get to go again!

Summer and Joshua Dawson were amongst the first to shoot free as part of our campaign
